

TERMS + CONDITIONS

Please note:

- Blue Croc Group has a strict payment policy in which the balance of the job is due 72 hours after completion
- The above quote is subject to a final site measure and inspection.
- All cranes and access hire are to be supplied by builder.
- Harness fixing points to be supplied by builder (if applicable).
- If the above quantities do not match the final amount of product installed, Blue Croc will invoice the builder for the difference of the quantities.
- Glass panel sizes and gaps will be chosen by Blue Croc. Gaps will be 0 - 100mm. If you require specific gap or panel sizes, please contact your Sales Representative.
- Blue Croc will install only what is on the quote provided to the builder regardless of signed contracts.
- If you require shop drawing they will be charged at an hourly rate (\$400) separate to the given quote.
- Pricing will be 100% confirmed due to a site measure before install.
- Individual section pricing may vary. The price presented is priced on an overall package, not for the individual items (even if individual section prices are shown).
- If Blue Croc are installing automated gates, power is to be run via an electrician to the designated hub for the motor (not included in price).
- If you require power to the gates, Blue Croc Electrical can run power at an additional cost.
- All Quotes are Valid for 60 Days. They will have to be reviewed after this time period.
- At handover, automated gates will be installed operational via Blue Croc Electrical. If you have any ongoing issues regarding gate automation a call out fee may apply.

We will only:

- Supply high quality toughened glass, stainless steel & aluminium products.
- Use high quality and heavy duty aluminium arms, frames and fixing products.
- Use a highly recognised Powder-coater who will guarantee their product.
